Council Making Survey Of Conditions In All of Salem

## BUILDER BLAMELESS FOR BAD STREET

Cleveland Avenue To Be Resurfaced Without Cost to Residents

Plans that Salem property-owners are taking in construction of sidewalks in front of their homes were made by city council at its meeting, Tuesday night. Unless the property-owners pay or repair their sidewalks, council will issue resolutions under which the city will do the work and assess the owner of the property for the cost.

Council is making a survey of the entire city to determine how many sidewalks need repairs and what homes have no sidewalks whatever. Several sections of the city were reported in poor condition, while also, in the past month, President of Council J. Dean reported, many property-owners have laid their own sidewalks without any legislation from council.

Walks on South Lundy st., and sections of Green st., were stated as in need of repair by Dean, and Max Adler, chairman of the streets, alleys and sidewalks committee issued the announcement that property-owners have until July to get sidewalks in shape.

Discussions were held on the Cleveland ave. situation, where property-owners have taken issue with council for faulty construction of their street.

City Engineer F. S. Barckhoff explained that the street's condition was not the fault of the contractors, but that they completed the improvement according to the plans and specifications of the city.

Insurance has been given by Kelley-Meyer, the contractors, that a sheet asphalt top will be placed on the street without cost to property-owners or the city, despite the fact that they have been exonerated from blame.

Dean reported Epworth ave. in poor condition, and the matter was turned over to the streets and sidewalks committee for investigation.

The street may be placed on this year's improvement program.

## LINDY RETURNS TO PLANE WORK

Honeymoon Cruiser Goes Into Storage When Voyage Ends

New York, June 19.—Col. Charles A. Lindbergh, the world's most famous aviator, returned from his honeymoon today and immediately prepared to return to work in his capacity as trustee and technical consultant of the Daniel Guggenheim fund for the promotion of aeronautics.

The flying colonel was scheduled to appear at Mitchell field today to assist in judging planes in the international safe aircraft competition conducted by the Guggenheim fund.

Lindbergh and his bride, the former Anne Morrow, anchored their honeymoon cruiser, Mouette, in the cove at Sands Point, L. I., yesterday and went ashore to the state of Daniel Guggenheim. Later in the day they drove toward New York in a closed car, while their plane was taken to Bayonne, N. J., to be repaired.

## BAND CONCERT PLANNED SOON

Quaker City Organization To Give Open Air Entertainment On Monday June 24

Quaker City band will give its first open air concert of the season at 8 p. m. Monday, June 24. This announcement was made today by John W. Hundertmark, director of the band.

The concert will be held at Centennial park or on Broadway. The program and place will be announced in Saturday's issue of The News.

## Treasurer Rushed By Many Taxpayers

London, June 19.—On account of Thursday being the last date when taxes will be accepted for the June period, there has been an unusual rush in the office of County Treasurer George this week. The office is several days behind schedule on account of the several paying windows. The June tax is the last of the 1928 levy.

## Mercury Hits 95; Relief In Sight

Salem sizzled Tuesday when the mercury in thermometers rose to 95 degrees. This temperature was recorded on an accurate minimum and maximum thermometer at the sewage disposal plant. Readings were made by R. P. Vickers, chemist.

The minimum in the past 24 hours was reported at sixty.

The barometer at the plant is falling and Vickers predicts a storm within the next 24 hours. It will probably be accompanied by an electrical disturbance and bring relief from the present heat wave.

## SEWAGE PLANT INSPECTION SET FOR JULY 10TH

State Officials Will Be Invited For Event; Council Lauds

Officials from cities throughout Ohio and neighboring states will be invited to attend the general public opening of Salem's new sewage treatment plant, scheduled for the observance of the first anniversary of the award of the general construction contract, July 10th, City Engineer F. S. Barckhoff announced today.

State engineering officials, who have approved the plant, and other officials are expected to be present at the occasion, at which time the entire project will be thrown open to public inspection. A definite program is now being arranged for the opening by Barckhoff, Service Director C. A. Cavanaugh, and Mayor Phil G. Hiddleston.

City council and other Salem municipal officials, and all civic clubs and organizations will also be extended invitations to attend.

Frank L. Rollins, chairman of the sewers and sewage disposal committee of the council body, lauded the project, at last night's meeting of the group, and issued the plea that all residents make the trip to the plant. Barckhoff and other officials acquainted with the working processes will be present to explain the plant's operation.

"It will be worth while for every Salem resident to visit the plant and see what he or she is getting for the money expended," Rollins stated. "The city can now say goodbye to the law suits which formerly originated from disposal operation. The plant is a complete success."

## Most of Nation Swept By Heat; Deaths Reported

The gods of heat continued to hurl their fireballs with relentless abandon at most of the United States today.

In virtually every section of the country, particularly the east, the mercury had mounted to near-record heights.

Innumerable deaths and prostrations were reported in International News Service dispatches from the north, south, east and west.

In New York City, residents were preparing to endure another day similar to Tuesday, the hottest June 18 in 48 years.

Eleven deaths have been attributed to the heat in the east in the last 24 hours.

New England likewise felt the wrath of tropical temperatures. The weather bureau predicted that Boston would be as hot today as it was yesterday.

One death and a score of prostrations were reported in the Massachusetts Metropolis.

## Flag Day Program Given At Meeting

A flag day program featured a meeting of the Women's Relief corps Tuesday evening at G. A. R. hall, Main st.

Interesting talks relating to the flag were given by Mrs. James McConner, president; Mrs. Cora Cope and Mrs. G. H. Mounts. Mrs. Mary Behner gave a parody about the flag, which was instructive and interesting.

Two songs, "Columbia, The Gem of the Ocean" and "Star Spangled Banner," were sung.

The next meeting will be in two weeks.

## Stoffer Improves

Patrolman Ralph Stoffer, in City hospital suffering from gunshot wounds sustained in an accident more than a week ago, was reported in an improved condition today. No date was set for his dismissal from the hospital, but it is probable he will be taken to his home the latter part of this week.

## KIWANIS TO HOLD DISTRICT MEETING HERE

Expect Attendance of 250 At Banquet In Salem Church

## MUSICAL PROGRAM HAS BEEN ARRANGED

Dr. W. E. Schuette To Be Main Speaker; To Discuss Flag

The inter-city meeting of eastern Ohio district Kiwanis clubs, sponsored by the Salem Kiwanians, will be one of the outstanding events in Salem Kiwanis history. C. W. Kaminsky, president of the organization, announced today. The meeting will be held in the social rooms of the Emanuel Lutheran church, Thursday evening.

More than 150 Kiwanians from neighboring cities have already secured tickets for the occasion, nine clubs still being scheduled to be heard from. Approximately 250 clubmen are expected to be present.

The affair is in charge of the club inter-city relations committee, of which W. L. Ffults is chairman. All Salem Kiwanians are requested to wear their Kiwanis hats.

Banquet at 6:30

The banquet will be held at 6:30, following which pep-songs will be sung by the entire group. The musical program, arranged by Ralph Snyder, will be held, following the group songs, and will feature cornet solos by Samuel Krauss, leader of the Salem high school band, accompanied by his sister, Miss Martha Krauss, student at the Carnegie Tech conservatory of music. The trio, composed of Mr. and Mrs. John Hundertmark, will offer musical selections.

Dr. W. E. Schuette, of Sewieley, Pa., will know speaker, formerly connected with chautauquas on the Pacific coast and in the east, will be the principal speaker. He will discuss, "Guarding the Honor of the Flag."

Vocal selections by Arnold P. Lutes, Kiwanis club secretary, and violin numbers by Hundertmark will close the affair.

## AIR STOWAWAY TO USE VESSEL

Coming Back at "Water Level" He States; Uses Third Class

Paris, June 19.—"Gee,—coming over I was thousands of feet above the waves. On the way back I'll be at water level."

This was the comment made today by Arthur Schreiber, 22-year-old stowaway aboard the trans-Atlantic monoplaner "Yellow Bird," when, accompanied by an International News Service correspondent, he visited offices of the United States lines in the Rue Aubert and bought himself a "tourist third" ticket aboard the Leviathan, sailing for New York tomorrow.

Schreiber paid out \$125 for the passage, saying the money had been advanced by Armeno Lotti, Jr., sponsor of the "Yellow Bird's" flight, who has constituted himself the stowaway's business manager. He has promised to reimburse Lotti for the expenditure, Schreiber said.

## Truck Driver Is Released From Jail

Leonard McCormack, colored, Youngstown truck-driver, fined \$100 and costs by Mayor Phil G. Hiddleston on a charge of stealing tools from a parked motor vehicle last Saturday, was released from city jail on payment of the fine today.

James Douglas, colored, also of Youngstown, fined \$100 and costs on the same charge, is still being held in city jail, for non-payment of the fine.

Washington, June 19.—James A. Wharton of St. Paul, Minn., was today appointed special assistant to the attorney general, to prosecute prohibition cases.

## Summer Heat Finds President Hoover Hard At Work In Washington Executive Offices

Washington, June 19.—President Hoover will remain in Washington "hard at work" while congress plays for a month at least, and he may remain all summer, it was indicated at the white house today.

Congress takes a recess today, the senate until August 19, and the house until September 23, but the president has made no plans to take advantage of the two months' furlough by the senate's absence from Washington.

He may change his mind after he selects his farm board—a matter of two weeks—and clears the diplomatic slate. Ambassadors to France, Spain, Italy, Japan, Germany and

## Former Professor Tells Of "Affair" With Slain Girl; Ideal Professional Woman

Claims He Knows More of the Case Than Outsiders; Girl Would Accept Rides From Strangers, He States; Did Not Use Drugs At Any Time

Columbus, O., June 19.—Miss Theora Hix, 25-year-old co-ed of Ohio State university, here, whose slaying last Thursday night has led to one of the most baffling murder mysteries in recent years, "would accept automobile rides from strangers and she was killed during one of these rides."

That was the theory advanced by Dr. James H. Snook, former professor of the university, who is being held in jail here in connection with the crime, in an interview with newspapermen today.

"My affair with Miss Hix was no love affair," Snook insisted.

He was discussing his relations with the slain girl, the same relations which subsequently led to his arrest for investigation in connection with the crime.

Would Not Marry Him

"Once, Miss Hix told me she would not marry me on a bet," Snook continued. "I never suspected her of going out with anyone except Meyers, however." Here the doctor referred to Marion T. Meyers, another faculty member of the college and who is being jointly held in connection with the killing.

"I was willing to quit anytime she said so. I did everything for her own good," declared the man.

"I know more about the case than many outsiders," Snook said. He was defiant in his attitude toward the questioning newspapermen as he had been toward authorities when they attempted to question him.

"Miss Hix was of the lonely type," he continued. "She was very nice

## FOUR ARRESTED BY SHERIFF IN COLUMBIANA CO.

Liquor Raids Result In Uncovering Booze Caches

Libon, June 19.—William Brown, residing on the Lisbon-Elkton rd. near Elkton, was arrested last night when a raid was made on his home, by Sheriff W. J. Barlow, and Deputy Sheriffs George Harhoff and James Elliott. He was taken before Probate Judge Lodge Riddle where he entered a plea of guilty to the possession of two gallons of liquor. He was fined \$200 and costs, which he paid.

State Probation Inspector Lloyd Wine and Officer J. P. Tise entered the small store of Steve Wagner, West Park ave., Columbiana, last evening and found some liquor. A search warrant was obtained from Justice of the Peace M. K. Zimmerman, Tuesday afternoon to enter this place. Wagner was taken to Lisbon, where he entered a plea of guilty to possession, and he was fined \$200 and costs.

A search warrant was also obtained by the same officers Tuesday afternoon to enter the place of Margaret Cunkle, West Second st., East Liverpool. At this place 42 bottles of beer were found and the woman entered a plea of guilty to possession at noon today when given a hearing before Justice of the Peace Zimmerman she was fined \$100 and costs.

The same state officers made a raid on the store of Ralph Martino, 1421 Main st., Wellsville, this morning and a quantity of corn liquor was found. He was taken before Justice Zimmerman, charged with a second offense for possession and was fined \$300 and costs and was committed to the county jail until the fine and costs are paid.

## QUAKES ROCKING STRICKEN AREA

Flood Menace Hovers Over Cities; Further Loss Of Life Feared From Recent Tremor

London, June 19.—Intermittent earthquakes are rocking various portions of New Zealand, threatening further property damage and loss of life, a Central News dispatch from Auckland stated today.

The situation at Murchison is becoming increasingly grave, the message states, and there are fears the town may be swept away with flood caused by temblors.

## Steve George Jury In Disagreement

The jury in the case of Steve George who was indicted by the special June grand jury for the possession of intoxicating liquor, third offense, disagreed at noon today, after considering the case since 3:30 p. m. Tuesday.

It has been indicated by Pros. Atty. John Bauknecht that this case will again go before a jury next Friday. George has been in the county jail in default of \$3,500 bond.

## Bathers Fined By Mayor Hiddleston

Melvin Lower, Barberton, and William Peterson, Pittsburgh, pleaded guilty to charges of disorderly conduct before Mayor Phil G. Hiddleston and were fined \$5 and costs, Tuesday night.

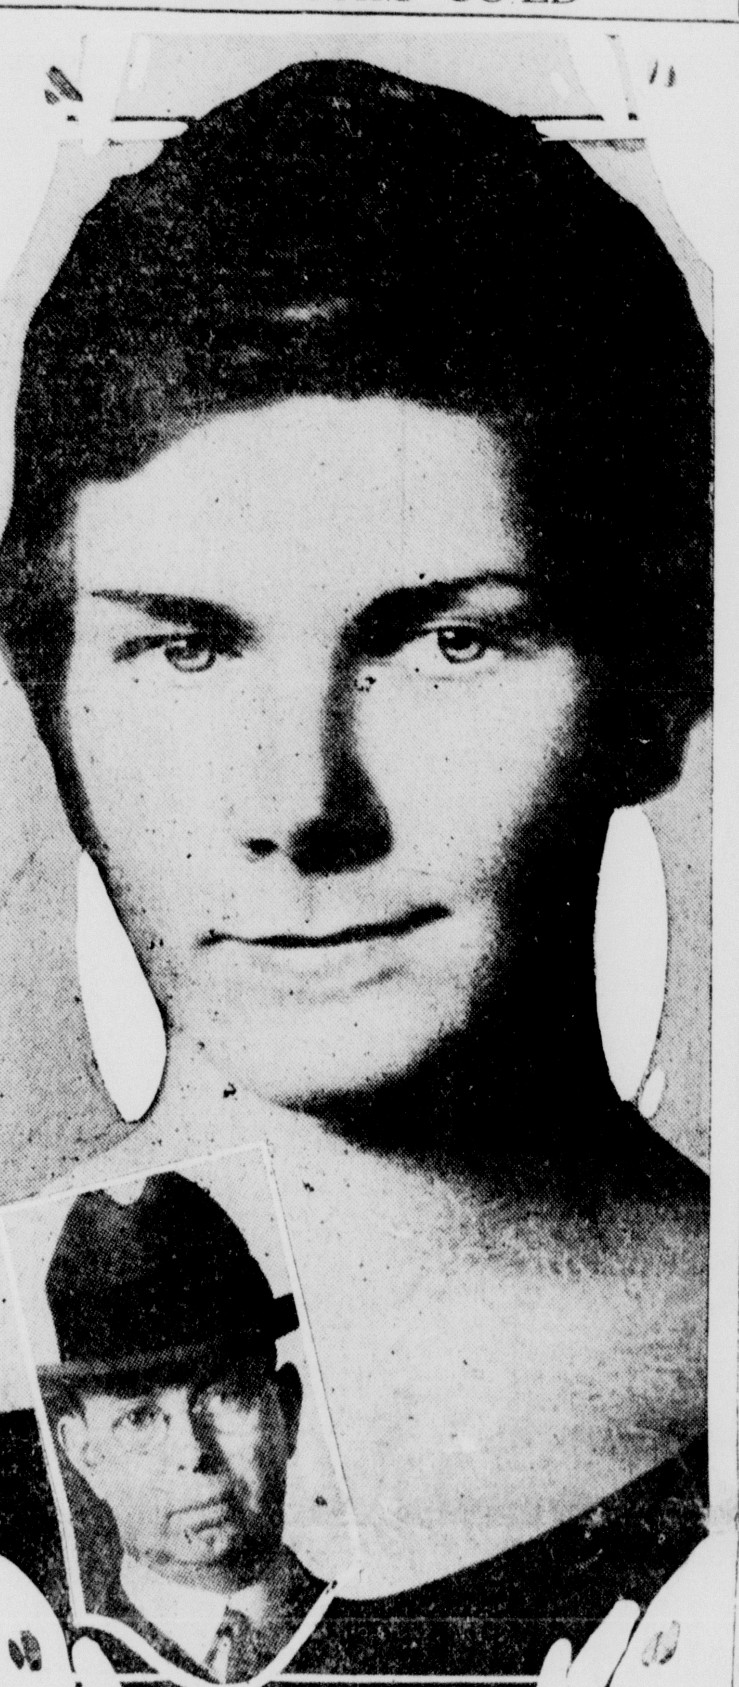

The youths had been arrested at 3 a. m. Tuesday by Deputy Sheriff F. B. Eagleton, at Westville Lake for bathing in the lake after daylight.

## Cuba must be appointed, and a few posts in South America, it is believed, will have new occupants. These appointments are expected to occupy the president several weeks, and at best he would have only a portion of the second month of the recess, it was explained.

President Hoover, it was said, has felt that his first year in office should find him at his desk, perfecting the personnel selections for his administration.

There is a possibility, however, that because a trip across the continent is no unusual thing for him, he just parks up and goes—he may go to Palo Alto, Calif., home,

## County Refuses to Pay For Deaths

Milledgeville, Pa., June 19.—One hundred twenty-five dollars today stood between two murderers, and the electric chair.

Muscouge county has refused to pay the \$125 fee necessary to electrocute the men, Dave Brooks and John Rushing, a negro.

In the face of a supreme court decision to the contrary, county commissioners said they were not liable for the fee.

Judge B. H. Dunaway, superintendent of the state prison farm here said today the electrocutions would not take place Friday unless the money is forthcoming.

## LUTHERAN MEN HOLD MEETING

Pastor Explains Man's Place In Church; Lauds Work of Women; To Play Ball Games

N. C. Boarts, president, had charge of a meeting of the Men's Brotherhood of English Lutheran church held Tuesday evening at the church. Action was taken on the ball games sponsored by the Brotherhood and they will be continued. Games with other church teams will be arranged.

The program consisted of an address on the "Relationship of Men to the Church," by Rev. A. C. Westphal.

"Men are to be brothers to the church and not brothers-in-law," said Rev. Westphal. "Women have played a vital part in the work of the church but win the man in the family and you win the whole family. A man's faithfulness must be to the pastor, to the Bible school, the services, the finances and the other members," he concluded.

At a social period refreshments were served by Paul Wilms and John Balan.

A work meeting will be held Friday evening at the church but the regular meetings will be discontinued during July and August.

## Fined by Mayor

Joe Demeo, Salem, was fined \$10 and costs by Mayor Phil G. Hiddleston on a charge of reckless driving Tuesday night. Demeo is alleged to have been responsible for an automobile collision with a machine operated by W. W. Whitney of Cleveland, Monday night. He was arrested by Patrolman Wilbur Hiddleston.

## DISCREPANCIES HELD FOUND IN SNOOK'S STORY

Former Professor Unable To Account For Acts Over 13 Hours

## CHARGES MAY BE FILED IN MURDER

Wife Collapses During Grilling; Admits Not Seeing Man

Columbus, O., June 19.—Marion T. Meyers, who, with Dr. James H. Snook, has been held since Saturday on a technical charge of investigation in connection with the murder of Miss Theora Hix, was ordered released by Prosecutor John J. Chester today.

Chester told newspapermen he believed Meyers had "not told all he knew" about the murder mystery, but added the authorities had no excuse for holding the Ohio State university faculty member longer.

Meyers' release followed another grilling of him by police probes.

Columbus, O., June 19.—Discrepancies in the story of the whereabouts of Dr. James H. Snook, 40, on the night that Miss Theora Hix, Ohio State university co-ed, was brutally beaten and slashed to death, were discovered by police and newspapermen today.

Dr. Snook, a former professor in the veterinary department at the college, and Marion T. Meyers, 36, another faculty member, are being held without bond for investigation in connection with the most brutal crime that has been written into the criminal annals of Columbus.

In an interview just as the rising sun peeped through the iron-barred windows of his cell in county jail, Dr. Snook declared that his wife had seen him about 9:30 p. m. the night of the murder.

After a four-hour grilling yesterday, (Continued on Page 4)

## CLEVELAND BOY FOUND IN SALEM

"Joy Ride" Strands Lad In City; Parents Are Notified

The desire for a "joy-ride," and the longing to see other sections of Ohio besides the vicinity of his home, resulted in stranding of Carl Anderson, 12-year-old Cleveland boy, in Salem Tuesday night.

The boy was discovered on Main st. by George Lewis, captain of the city fire department, about 6 p. m. crying.

Lewis asking the lad to explain his troubles, was told that he had gone for a ride with a motorist, driving a roadster bearing a Michigan license, and upon their arrival in Salem was forced from the machine by its driver.

He was playing near his home, at the corner of Rockside and Broad View rds. in Cleveland, about 10 a. m. yesterday, when he was approached by the man, who asked him to go for a drive. They covered almost the entire northeastern part of the state, driving through Barberton, Columbiana, East Palestine, and other cities, previous to coming to this city.

Carl was turned over to Mayor Phil G. Hiddleston, who immediately communicated with police and his parents in Cleveland. Mrs. Anderson, frantic over her son's disappearance, had notified authorities there and requested the mayor to quarter him here until today, when the father would come for him.

Captain Lewis was delegated to take charge of the lad for the night, and immediately inaugurated him into the mysteries of fire-fighting, showing him the city's large fire trucks, allowed him to watch the critical game of "crunch" which provide the fire laddies entertainment during their long vigils, then allowed him to sleep in city hall, along with the firemen.

Carl's father was to come for him today, and the lad, to all appearances, will very much regret his departure from his "buddies" of a night.

## Rotarians Inspect Butler Water Site

Thirty members of the Rotary club visited the site of the proposed Butler water project, and inspected the conditions of the land and prospects of securing the city's water supply there, Tuesday afternoon.

The visit was made to the site following the regular weekly luncheon at the Elks, at noon yesterday.

### WHEN IT CEASES TO BE FUNNY

Arthur Schreiber, the stowaway on the Yellow Bird, is too old to be classified as a boy, but regardless of age he is the champion bad-boy of the world right now. The reward that he should get but will not is a good sound spanking on the designated spot. Had he stolen a ride on a freight train, he would have been thrown off without ceremony, but stealing a ride on one of the few planes to cross the Atlantic ocean is too spectacular to permit ordinary treatment.

Schreiber makes it clear that he is in the thing for the money that he can get out of it. That makes it worse. He jeopardized the lives of three men and helped defeat their original purpose, a landing at Bourget field in Paris, by his action. A few pounds of extra weight makes a lot of difference on a trip such as the French plane completed and it is more a matter of luck than anything else that all four of the passengers are not lying at the bottom of the ocean—and all because one daring American boy saw a chance to make a little money and get a thrill.

It is to the infinite credit of the three Frenchmen that they did not toss young Schreiber out into the ocean in the traditional manner of the railroad profession and let him take the consequences of an ill-timed act. Instead they have brooded him at the risk of their own lives and have done their best to win for him the fame which he seeks.

### THE TIMID MAN

The timid man never gets anywhere, but he makes it possible for others to get somewhere. If everyone were a high pressure, red-blooded American type there would be no competition and all the go-getters would die off. Therefore, the timid man fulfills a purpose, in the universe. He is food for his bolder brethren.

Imagine what a drab time of it the aggressive type would have if everyone else were as bold as he. When there was any crowding to be done, there would be no weak, timid little persons to shove about and what would be the sport? There would be no one to talk down in an argument, unless two advocates of brass tried it on each other and that would never work. There would be no one whose nose could be punched with impunity, no one who would be willing to buy the gold bricks, no poor dub to hold the bag.

Of course a timid man is not necessarily dumb, but he is willing to do a lot of dumb things merely because he lacks the necessary nerve to say "No" when he should say "Yes" and the other way around. If someone puts a bag in his hands he will, nine chances out of ten, hold it rather than risk being conspicuous by dropping it. He will take a poke in the nose, not because he is dumb enough to like it, but because he cannot bear the thought of unlimbering and putting up a defense.

He blushes when spoken to, he never does things faultlessly, he never rushes in where he is not invited, he is never in the front ranks of any movement, his name is never shouted, or whispered either for that matter, his cough is apologetic, his smile, on the rare occasions when it is seen is mild and open—in short the timid man is a jarring note in the whirling machine of efficiency. He simply does not count, because he does not have power over other persons and therefore cannot get ahead. He is of no practical value, but it would be an awful world without him. It would be very nice to surround one's self with timid men and really live a self-dictated courteous life for just a few days.

### What Others Say

NO LICENSE FOR SPEEDING  
Decision of the Ohio supreme court rendering inoperative speed laws of municipalities which do not conform to the state law is not to be interpreted as a license for motorists to run wild. At the same time it guarantees to them their rights to operate autos in safety at

a higher speed than permitted in some city ordinances.

The present state law provides that autos may be operated in cities at fifteen miles an hour in congested districts, twenty-five miles in residential districts and thirty-five miles outside of corporate limits. After July 21 this limit will be increased to twenty-five, thirty-five and forty-five miles under the Boden law.

While the court holds that drivers exceeding these speeds are not actually guilty of violating the law it holds that motorists must at all times have due regard for "traffic conditions, width of road and the general rules and use of the highways."

Auto drivers who exceed the speeds specified by state law must be prepared to accept the burden of proof that they were not operating their machines in a reckless manner but were taking into consideration all traffic conditions and observing all rules of the road. But the fact that they exceeded the speed limit is not absolute evidence of guilt.

The decision will remove much of the annoyance incident to village speed traps and permit the auto driver a greater peace of mind while touring. At the same time it is no panacea for the disease of "heavy foot an accelerator."

It means: "With clear roads and no traffic stop along and don't congest the highway, in heavy traffic get in line and stay there, conforming to the general speed in that particular locality."

Do this and you will have no trouble with the traffic cops.—Columbus Citizen.

## CLEANLINESS SECRET OF SKIN PERFECTION

BY ROYAL S. COPELAND, M. D.  
(United States Senator from New York)

Everybody wants a clear skin and envies one. It is natural to survey the face and hands of a new acquaintance. We learn a lot by the appearance of the skin and the care given the finger nails and knuckles. I could number several persons of my acquaintance who seem never to clean the finger nails and yet they would be mortified to death to have a breaking out on the chin. Others have grimy knuckles, but would stay home to avoid showing a pimple on the nose.

It is a far more common thing to neglect the hands than the face. This is really too bad because much depends on the care of the hands. Soiled hands dirty nails, fissured fingers—all these carry germs of disease. Not long ago we read about a girl who was said to be the victim of fatal blood poisoning from the use of a lipstick. I have no inclination to defend too vigorously the use of cosmetics, but I take no stock in the suggestion that the lipstick was to blame. Undoubtedly the infection came from the girl's fingers.

Think of all the things you touch with your hands every day. You cannot avoid contact with contaminated objects. Somebody coughs or sneezes into his hand and while it is still wet he turns a door knob, leaving germ laden moisture for the next visitor to capture.

Neglect of the hands and finger nails results in tears of the cuticle, hangnails, raw fissures and other broken surfaces which may be the gateway for the entrance of bad germs. It is a mistake to neglect the hands.

A woman shows her age by her hands long before her face tells the story. For cosmetic reasons, then, as well as for health's sake, the hands should be carefully attended. A common bluish of the hands is the presence of a wart or a cluster of warts. Boys are lucky if they escape having them. At certain ages, particularly between ten or eleven and seventeen, they are frequently observed. They are not serious in youth, but in advanced life they are liable to break down into malignancy.

### Soft water keeps clothes white

HARD water always leaves clothes gray, no matter how much you wash and rinse. Hard water has something in it with which the soap combines. Scum forms at once. This scum gets into clothes. You never can rinse it all out.

Softened hard water with Melo and you have a very fine cleaner, with or without soap. Scum doesn't form in this water. Clothes washed in it are as white as snow. Melo gives soap more effect on clothes. Get a can of Melo today at your grocer's.

### Twenty Years Ago

(Issue of June 19, 1909)

Sebring—The agreement reached between the committee of striking girls and 10 representative potters has been accepted by the girls and work in all the potteries here will be resumed Monday.

Leetonia—Rev. Joseph L. Grimm, pastor of the First Presbyterian church that was dynamited a week ago, has been threatened by a long anonymous letter. A warning is given all dry leaders and threatens to blow up every church in town.

Charles C. Campbell is seriously ill at his home on Ellsworth ave. Miss Queenie Barton has accepted a position at the A. W. Jones & Company dry goods store.

Youngstown—For the purpose of promoting good roads in Mahoning county a meeting was held today at the court house. M. M. Maxwell, sec-

retary of the Ohio Good Roads Federation, spoke.

Xenia—George L. Doye, president and chief owner of the Boston National baseball team, died on a Pennsylvania train early this morning at Cedarville.

L. Tomlinson, West Main st. grocer, returned home Saturday morning from a six weeks western trip.

### FIRST BOTTLE HELPED HER

Keeps On Taking Lydia E. Pinkham's Vegetable Compound

Philadelphia, Pa.—"I always use Lydia E. Pinkham's Vegetable Compound before and after childbirth. I am a mother of three children—two little girls and a baby boy. I would get run-down, nervous, dizzy and weak sometimes so I had to lie in bed. I would take the Vegetable Compound as a tonic and I always saw an improvement after taking the first bottle. I found it to be a good tonic. I always recommend your medicines to my friends and I cannot speak too highly of them."—MRS. ANNA LOUDERBACK, 1907 S. Front Street, Phila., Pa.

66  
FINE-CAR  
FEATURES

COMBINED ONLY IN MARQUETTE IN  
THE \$1000 CLASS

It's pretty hard to catalogue a car like the Marquette—and give anything like a true idea of what you get in this car in the \$1000 class. This new six is such a revolutionary value that you've actually got to see and drive it to realize what a great car it is!

Just as an indication of the value, rare value—in this splendid new six—here are a few of more than 66 fine-car features that it embodies—features combined for the first time on a car in the \$1000 field.

Wheelbase 114 inches.  
Closed Bodies by Fisher.  
Non-glare Fisher VV type ventilating windshield.  
New type mohair upholstery.  
Spacious rear seat.  
Adjustable front seat.  
Remarkable power plant—67.5 brake horsepower.  
Rubber engine mountings.  
Thermostatically-controlled water cooling.  
Full-crown one-piece fenders.  
Chrome-plated cowl lights and cowl moulding.  
Built-in bumper brackets integral with frame.

Running board fully bound, with no exposed screws.  
Completely sealed engine.  
Forced lubrication.  
Lovejoy hydraulic shock absorbers, both front and rear.  
Four-wheel internal-expanding brakes.  
Adjustable steering wheel.  
Hydrostatic gasoline gauge on dash.  
Guide tilt-ray lamps.  
A host of other extraordinary features that combine to make the Marquette America's most complete car in the \$1000 field.

## Social Affairs

### DELPHIAN CLUB

The Delphian society will hold its final meeting of the season Thursday evening at the home of Mrs. H. L. McCarthy, North Union ave. Officers will be elected and all members are asked to be present.

A program on "The American Contribution to World Thought and Development" will be given and Mrs. G. E. Byers will be the leader.

The text reports are: Progress as Recorded in Our Centennial; Mrs. J. A. Schwartz; "Changing American Ideals as Reflected in Latin Expositions," Mrs. Bloomberg; "American Art," Mrs. Zora Trotter; "American Literature and American Education," Mrs. J. T. Burns; "Citizenship and the Schools," Mrs. Philip Wirsching; "Our Ideal Education," Mrs. Frank Brian; "Defects of Our System," Mrs. Lowry; "Creative Education," Miss Smith.

### MARRIAGE LICENSES

A marriage license has been issued to Ross W. Tobais of East Liverpool, former resident of Kokomo, Ind., truck driver, and Miss Lavina Kind, of East Liverpool, native of England and daughter of Mr. and Mrs. Thomas Kind. They are to be married by the Rev. Calk, rector of St. Stephens Episcopal church, East Liverpool.

John S. Moses, 75, of Chicago, former resident of Carroll county, retired and Katherine McKelvey, 65, Columbiana, R. F. D. No. 2, have obtained a marriage license.

### HONOR TWO

Miss Helen Walpert and Miss Marguerite Conkle were honor guests at a picnic supper Tuesday evening at Centennial park, given by the girls employed by the Lyle Printing and Publishing company.

Miss Walpert recently resigned her position with this company, and Miss Conkle, also an employee of the company, will leave next Tuesday on a motor trip to California. She will be accompanied by her parents, Mr. and Mrs. King Conkle, of New Waterford.

### HONORS PLAYMATE

Doris Louise Gordon entertained a group of playmates at a lawn party today at her home, Ellsworth rd., to celebrate the fifth birthday anniversary of Elmer Philbrick.

A luncheon was served at 1 p. m. at a table decorated with roses and the remainder of the afternoon was spent playing games. The guests were Ruth Hollabaugh, Nora Heits, Elsie and Elmer Philbrick, and Beulah and Virginia Gordon.

### BAPTIST MEN

The men of the First Baptist church will hold a social meeting at 7:45 p. m. Thursday at the church. R. B. Snyder will be in charge of the program. William Butcher will show some pictures and Robert Vickers will give chemical demonstrations.

Richard Stirling is chairman of the social committee.

The men expect to organize at this time and elect officers.

### BETTER HALVES CLUB

Progressive euchre interested members of the Better Halves club who were guests of Miss Edna McLaughlin Tuesday evening at her home on East Green st. Miss Nora Pink and Mrs. David McCloskey were prize winners. Lunch was served by the hostess. A meeting in two weeks will be with Mrs. Fred Munsell, Rose st.

### APPROACHING WEDDING

Mrs. Hannah Fowler, of Winona, and Elisha Steer, who formerly resided on the Damascus rd. will be united in marriage Saturday morning at the Wilbur Friends meeting house in Winona. They are well known among friends in this section.

### TUESDAY EVENING CLUB

Three tables were in play at bridge at a gathering of Tuesday Evening Bridge club associates last evening at the home of Mr. and Mrs. R. C. Oyster. Pair st. Prizes offered were awarded R. M. Kent and Mrs. V. L. Battin. Refreshments were served.

### SALEM QUILTING CLUB

Members of the Salem Quilting club met Wednesday with Mrs. Hattie Murphy, McKinley ave. and devoted the time to quilting. A covered dish dinner was enjoyed at noon.

Mrs. Emanuel Thomas and Mrs. John Wells were invited guests.

### BETHLEHEM CLASS

The Bethlehem class of the Methodist church will meet at 2:30 p. m. Thursday at the home of Mrs. C. T. Kirkbride, 367 Ellsworth ave. This meeting will be the annual June rally and all members are requested to be present.

### RUTH CIRCLE

The Ruth circle of the First Friends church will have a covered dish supper at 6 p. m. Friday at the church. All members are asked to be present.

Miss Martha Whinnery has returned from a trip to Pittsburgh and Cambridge Springs, Pa., and Wednesday morning resumed her duties in the commercial office of the Ohio Bell Telephone company.

Lloyd C. Loop, Cleveland ave. left Sunday for Ann Arbor, Mich., where he has entered college for the summer term.

Mrs. A. C. Welsh, of Los Angeles, Cal., is visiting her niece Mrs. D. R. McConnell and family, who live north of Salem.

Mr. and Mrs. C. H. Betts, Lincoln ave. returned Tuesday evening from a 10 day trip to Troy, Canton and Philadelphia, Pa.

Mrs. Orin Kerns, McKinley ave. spent Wednesday evening with her daughter, Mrs. Edith McCammon.

### TAYLOR-GALLAHER

Miss Maude Taylor of Beloit, and Dr. Charles Gallaher of this city, were married at noon Tuesday at St. Matthews Episcopal church in Sebring. The ceremony was performed by the Rev. A. P. Roe, in the presence of the immediate family. The bride was charming in a simple gown of white chiffon and white hat. She carried an arm bouquet of white roses.

Mrs. Gallaher, an only daughter of Mr. and Mrs. George Taylor, is a graduate of Sebring high school and attended Oberlin Business college. She has been employed as stenographer at the Morrison Jack works in Alliance.

Dr. Gallaher is the son of C. A. Gallaher and a graduate of Mount Union college. He recently completed his work at the Medical school of the University of Louisville, Louisville, Ky. He will serve his internship in the United States navy where he has received the rank of lieutenant and early in July will leave for a naval base.

Dr. and Mrs. Gallaher left for an auto trip to Montreal and Quebec, Canada, and upon their return will make their home with the bride's parents until Dr. Gallaher leaves for his post of duty.

### KING-LOWMAN

Miss Thelma Mary King, daughter of Mr. and Mrs. Henry J. King of Sebring, and Harold W. Lowman, son of Mr. and Mrs. L. W. Lowman of Alliance, were united in marriage Monday afternoon in Immanuel Reformed church.

Rev. O. J. Zechel, pastor of the church, officiated at the nuptials. The couple was unattended. The bride wore a pretty frock of white georgette and carried a bouquet of roses and baby's breath.

The bride has been employed by the Sebring Motor Car company and the groom is associated with the Natural Gas company of West Virginia. After a trip through Pennsylvania to the eastern coast, Mr. and Mrs. Lowman will be at home in Alliance.

### GILBERT AUXILIARY

Mrs. Mary Carr Curtis, Damascus rd., gave a talk at a meeting of the Anne B. Gilbert auxiliary of the Presbyterian church Tuesday evening at the church when the auxiliary observed Guest night.

Mrs. Curtis gave a description of the Island of Penang where she was located for five years, and told of her work there.

Miss Agnes Wilson had the devotionals and the year book of prayer was given by Miss Caroline Hole. Miss Grace P. Orr entertained with vocal solos. Piano solos were given by Homer Taylor and Helen Stewart.

Refreshments were served by the associate hostesses, Mrs. Thomas Jenkins, Mrs. Ambrose Duncan, Mrs. Ford Dilworth, Mrs. Cora Daugherty and Mrs. Bruce Cosad.

### SPEIDEL REUNION

Forty social members of the Speidel family attended the annual reunion held at the Heasley farm, near Hanoverton. Guests were present from Cleveland, Canton, Salem, Kensington, Alliance and Massillon. Letters were received from members in Sioux City, Ia., and Lake Forest, Ill. The following officers were elected for the coming year: president, E. P. Speidel; vice president, T. A. Speidel; secretary, Mabel Speidel, all of this city, and treasurer, Richard Speidel of Kensington.

Mr. and Mrs. H. J. Windram, Ellsworth ave. left this morning for Philadelphia and Atlantic City to spend two weeks. They will spend most of the time with their daughter, Mrs. B. L. Smith, at Philadelphia.

Miss Martha B. Campbell has returned to Chicago where she will resume her duties at the University of Chicago hospital.

Mrs. Robert Melly and children, Detroit, are visiting her parents Mr. and Mrs. C. S. Carr, Ellsworth rd.

## In Case After Case Owa-Ton-Na Proves Its Merits

Canton Resident Ends Indigestion, Pains In Side and Backaches With This Natural Remedy

"It hardly seems possible that any one medicine could do for me what Owa-Ton-Na has done and in so short a time, too. For months I have been taking medicine after medicine, treatments and almost everything that was recommended to me," says Mrs. C. E. Price, 225 Gilmore Ave., N. W., Canton, Ohio. "I was suffering with a particularly obstinate case of indigestion. Food of any kind seemed to distress me. In fact I got to the point where I didn't seem to care whether I ate or not, no appetite at all. Food would cause gas to form in my stomach which would crowd my heart and make me short of breath. Nothing seemed to want to digest."

"Gradually this condition was getting worse, my kidneys started to bother me. Backaches made me feel as though my back would break and with this I suffered frequent severe headaches. Some days I felt so miserable I hardly knew what to do."

"Time after time I heard and read about the praise which other sufferers are giving this fine old Indian remedy, Owa-Ton-Na, and I felt that possibly it would help me, too. It is remarkable the change that even one bottle made. My stomach started to feel better, then my appetite picked up and now I can hardly get enough to eat. Food tastes good, too. Where I used to have to be afraid to eat for fear of suffering afterward, I can now eat anything without fear of distress."

So one after another come stories of praise where Owa-Ton-Na has relieved suffering. Many times this suffering has been going on for years and hope almost lost yet Owa-Ton-Na accomplishes results, even in such cases. Owa-Ton-Na is sold in Salem at Flocking's, Bolger & French and J. H. Lease Drug Stores. —Adv.

Mrs. Mary Elton, of Concord, N. H., formerly of Chicago, is the guest of Mrs. Cora Elton Goshen ave.

Miss Helen Walpert has accepted a position at the Harroff grocery.

## LANDS FLOODED AS DAM BREAKS

Girls In Cottage Near Death As Waters Are Released In River; No Deaths

Hagerstown, Md., June 19.—The dam on Lake Royer, about 20 miles from here, went out early today, flooding farm lands, endangering life and destroying valuable property and crops. So far as can be learned from a survey this morning there have been no casualties.

Forty million gallons of water were released when 15 feet of the dam gave way. A group of high school girls in a cottage on the shore of the lake made their way to safety just as the water rushed past the cottage which they had occupied.

## DISCREPANCIES

(Continued from Page 1)

terday afternoon, during which she at one time collapsed. Mrs. Snook, the wife of the 40-year-old man, declared she had not seen her husband until 11:30 p. m. or perhaps later the night of the slaying, though she had previously stated she was with him at 9:30.

Hears Door Slam  
She explained that she heard a door of their home slam at about 9:30, but that she was not sure it was her husband.

According to Prosecutor John J. Chester, Dr. Snook is unable to account for his movements for 19 hours the night of the slaying which occurred on the thirteenth of this month.

Chester has not indicated whether he will file any charges today.

Meanwhile authorities are apparently at a standstill in their probe. They also have been unable to shake Meyers, a faculty member of the college which Miss Hix attended, from his story, which, if found to be true, will exonerate him.

Chester, moving with his characteristic attempt at secrecy, attempted to dodge newspapermen at midnight and go to the county jail to question Snook. He was followed, however, and at the end of an hour and a half emerged from the man's cell with the announcement that he had learned "nothing startling."

He refused to indicate what action he would take today. It is known that he will resume his investigation by the questioning of several persons. This may be followed by the filing of charges or the release of the men.

Examine Stains  
The chemist, Dr. C. F. Long, who examined the stains on Snook's small coupe and who also conducted an examination of the contents of the woman's stomach, is expected to make his report some time today.

Dr. Snook was cool and collected when questioned by newspapermen in his cell today. He told a straightforward story, and except for the one discrepancy, he told nothing that was not already known.

William J. Ford, federal narcotic chief at Columbus, conducted an investigation into the statements that Miss Hix peddled dope and declared they were without foundation as far as he was able to learn. He made his report in the small hours of the morning.

Snook, in his early-morning interview, said the last time he saw Miss Hix was Wednesday evening. He staunchly declared that he was not the first person to have intimate relations with Miss Hix.

## MURDER CHARGE FOLLOWS DEATH

Blames Use of Riot Gun For Killing Of Virkula

International Falls, Minn., June 19.—State's Attorney David Hurlburt said today he was going ahead with preparations to try, in state courts July 2 on a charge of second-degree murder, Emmett J. White, federal border patrolman, accused of having slain Henry Virkula, Big Falls, Minn., confectioner, with dum-dum bullets. Hurlburt declared he would resist any move to have the case shifted into federal courts.

"There is something radically wrong when a government allows its agents to rain shots that cannot be controlled into an automobile in which human beings are riding," said Hurlburt.

O. J. Larson of Duluth, former congressman, will assist Hurlburt in the prosecution. Larson said he and Hurlburt in their arguments would emphasize that Virkula was killed with a riot gun as he rode in an automobile with his wife and two small daughters, and had in his

# CORONER FAILS TO FIND CAUSE IN CLINIC BLAST

Claims Hospital Warned Of Dangers In Film Stored Away

## ACCIDENT CLAIMED LIVES OF MANY

33 Witnesses Heard By Official In Quizz of Blast

Cleveland, June 19.—The exact cause of the Cleveland clinic disaster of May 15, which claimed 125 lives, will remain a mystery. There will be no criminal prosecution. This had been established today by the long-awaited report of coroner A. J. Pearce who made an exhaustive investigation of the tragedy. The coroner's report was completed late yesterday and signed by himself and county prosecutor Ray Miller. The report declares that the burning x-ray films, which generated a deadly gas and accounted for most of the deaths, might have been ignited by an electric light bulb, a match, a cigarette, or cigarette ashes.

Criticism is directed at the clinic for the manner in which the films were stored and the report points out that the Ohio inspection board, a fire underwriters service, named the institution on April 2, six weeks before the disaster, of the danger in storing large amounts of film.

Statements of several clinic officials that there was no precedent for the tragedy are contradicted by the report which points out that there was a similar fire in Memorial hospital at Albany, N. Y., Mar. 17, 1928 and that other institutions have repeatedly warned of the fire hazard in stored film.

The report shows that 33 witnesses were questioned among them Buffery Boggs, steamfitter's helper who was in the storage room repairing a leaky pipe when the first explosion occurred, filling the building with poisonous gas.

The city investigating commission, headed by Health Commissioner H. L. Rockwood, is to complete its report in the near future.

## Camp Group to Meet

A joint meeting of the Manassas and Columbian county camp committees is being held at Salem, Thursday evening, June 20. The committees are developing plans for the joint boys and girls camp, which will be held at Camp Standing Rock on the Mahoning river.

## Investigate Death

Dayton, O., June 19.—Investigation as to whether George Gebhart, 44, died from natural causes or was killed by an electric shock, is being conducted here today. Gebhart, a lineman, was found dead late last night, near a place where he had been working.

# MARKETS

## MARKET OPENING

New York, June 19.—Most of the active railroad and utility stocks sold at higher prices at the opening of the market today, though gains were generally below a point. The copper and steel were firm with fractionally higher prices for the active shares.

American and foreign power, at the head of the utilities sold up about a point at 105½. Consolidated Gas was up ½ at 123½; Standard Gas and Electric up ¼ at 99½. Chesapeake and Ohio led the rails, with a gain of 1¼ at 220½. Allegheny corporation was up ¼ at 34½; New York Central up ¼ at 227; Union Pacific up ½ at 227; New Haven up ½ at 110½.

## SNOOK STORY

(Continued on Page 4)

ing to Snook and Meyers' own admissions to police, Meyers, a younger professor, was infatuated with Miss Hix and had begged her to marry him several times.

"Miss Hix and I had agreed not to see each other last fall. I didn't see her for months. Then she told me she had broken with Meyers. Then we resumed seeing each other."

He explained how they had gone to an apartment house a short distance from the campus and had rented their "love nest."

Miss Hix used no drugs, Dr. Snook said, contrary to the tangent at which the investigation was recently conducted.

Once she told me she "had tasted a highball and liked it," the 40-year-old professor declared, but she did not drink liquor while she was with me.

Snook ended the interview with a tribute to his now dead sweetheart. "She was the ideal professional woman," declared Snook.

The interview took place in Snook's cell in county jail where he is being held in connection with the slaying. Meyers occupies a cell near the other man.

The Tafts celebrated their silver anniversary in the white house.

## MOVIES

### "THE DESERT SONG"

The story of "The Desert Song" is full of heart throbs, many of which are based on the love of the Red Shadow for Margot, the French girl who is strangely attracted by the masked bandit chieftain, but has no eyes for his other self, Pierre Bira-beau.

John Boles and Carlotta King are seen as the Red Shadow and Margot, respectively, and other important members of the all-star cast are Louise Fazenda, Myrna Loy, John Miljan, Johnny Arthur, Marie Wells, Jack Pratt, Edward Martin, Robert E. Guzman, and Otto Hoffman.

**"DIVINE LADY"**  
The past years with their glory and ignominy, their romance and bitter conflict, are revived in "The Divine Lady".

"The Divine Lady" tells the story of Lord Nelson and Lady Hamilton, of the great victory at Trafalgar that won the day for England and cost it the life of its greatest admiral.

Glowing with color, both musical and scenic, dramatic to the extreme, filled with tender love passages alternating with the din of battle and the clash of highly-strung temperaments, a virtual page out of history, the story of a love that was too great for life—these are features of the picture in which Corinne Griffith in the role of Emma, Lady Hamilton, presents a characterization greater than any in which she has hitherto been seen.

### "THE GHOST TALKS"

Tonight marks the last showings at the Royal Theatre of "The Ghost Talks," special feature farce starring Helen Twelvetrees and Charles Eaton of the New York stage. These youngsters have the leads in a highly amusing all-in-dialogue picture which is jammed full of laughs from beginning to end.

The work of everybody else in the cast is on a high plane of artistry, and those here who haven't seen it—and heard it—would do well to adjust their eyes and ears in the proper direction before it is too late.

## DAWES ADDRESS WELL RECEIVED

Praise Is Heard for Word  
Of New Ambassador  
To England

Washington, June 19.—General Charles G. Dawes struck the keynote of the Hoover administration's whole policy toward world peace and naval disarmament in his first speech as ambassador to Great Britain. Nothing but praise of the speech was heard today in administering quarters.

That policy, briefly summed up, contemplates a naval understanding between the United States and Great Britain—an understanding based upon equality—which can serve as a foundation for a broader world understanding that will take in the other principal naval powers, Japan, France and Italy.

Moreover, the "yardstick" for measuring relative naval needs, which the general emphasized so heavily in his speech, reposed in his hip-pocket while he spoke. He carried it away from Washington with him two weeks ago, and if it is not already under British scrutiny it is only because the volatile general has not found time, in the hectic few days he has been in England, to present it to his hosts.

This "yardstick" is of American design and structure, evolved by American technical experts under Mr. Hoover's directions, over a period of several months. It aims to reconcile the differences—principally cruiser differences—between the American and British experts.

### Pleads Guilty

Lisbon, June 19.—Charles Summers of Wellsville withdrew his plea of not guilty to a charge of assault with intent to rape returned against him by the special June grand jury, and the state accepted a plea of guilty to assault and battery. He entered this plea before Judge W. F. Lones and was fined \$150 and costs and committed to the county jail until the fine and costs are paid or he is otherwise legally discharged.

### Man Murdered

Portsmouth, O., June 19.—The dead body of Charles W. Howe, 60-year-old real estate dealer of Portsmouth, was found 16 miles west of this city yesterday afternoon. It is believed he was a victim of highway bandits.

### ITCHING ENDS WHEN ZEMO TOUCHES SKIN

It's wonderful the way soothing, cooling Zemo brings relief to itching skin, sunburn, windburn and clears up bites, pimples and rash. Even in severe cases, itching disappears almost as soon as Zemo touches the skin. To draw out local infection and clear away unsightly blemishes there's nothing better than invisible Zemo. ## MYSTERY POISON TAKES 3 LIVES

Children Die; Parents Are  
Stricken; Doctors And  
Chemists Survey

Chicago, June 19.—Three-year-old Lorraine Markowski died today, the third victim of a mysterious poison that is threatening to claim the lives of a family of seven.

Fifteen physicians, including several specialists, were studying the case as Lorraine succumbed. The other dead were Chester Kwiatkowski, 7, and his sister, Agnes, 8. These two were children of Mrs. Irving Markowski by a former marriage.

Two other children and Markowski and his wife are fighting for their lives in the county and psychiatric hospitals.

Doctors who examined the stomach contents of the dead and living said the poison appeared to have a metallic base and may have been caused by canned foods. It was said it also may have been due to ingredients of paint, which Markowski used in his occupation.

Neither Mr. nor Mrs. Markowski was able to give police a coherent explanation, and it was said they either were subnormal mentally or were suffering from effects of the mysterious poison.

## VOLCANO TAKES LIVES OF MANY

Thirty Are Known To Have Been  
Killed During Recent  
Eruption Of Mount

Tokio, June 19.—A check-up was being made today of the toll of life taken and damage which was wrought by eruption of the volcano Komagatake on the island of Hokkaido. Active eruption has now ceased, although dense smoke is still issuing from the crater, darkening the sky for 40 miles around.

Ashes and lava covered virtually all the territory around the volcano for a radius of 150 miles to the depth of an inch. Sixty square miles at the base of the mountain suffered severely.

Official computations show 30 dead, but many are missing, and it is feared the death toll will mount. The property damage is tremendous.

## ESSEX the Challenger

VISIT our showrooms and see a remarkable display in motor car color design—a variety so wide as to give almost individual distinction, at no extra cost. It is a new industrial achievement!

More than 225 different color combinations on various models were delivered last month by the Hudson Motor Car Co. That is why, although nearly 200,000 Essex the Challengers are in service; there is a sparkling variety and individuality about each car, instead of the monotonous sameness expected in big production.

Hydraulic shock absorbers and

new type double-action 4-wheel brakes are standard—they do not cost one cent extra. The same with radiator shutters, air cleaner, windshield wiper, safety lock, chromium-plated bright parts. All valuable features—all features you want. Add up for yourself the extras Essex offers at no added cost and you will see above \$100 in extra value in those items alone.

Your present car will probably cover the entire first payment. The H. M. C. Purchase Plan offers the lowest terms available on the balance.

# Memphis Bill Terry Takes Lead In National League Batting

## Giant First Sacker Gets 9 Hits In Day

New York, June 19.—Memphis Bill Terry, slugging first baseman of the Giants, is leading in the race for the National League batting championship today as a result of his hitting spree in the New York-Brooklyn double-header yesterday, in 10 times at bat Wild William blasted nine hits, including one home run, and ran his average 24 points up to an even 400—one of the most spectacular feats of the year.

Despite Terry's slugging, the McGrawmen dropped both twins of the twin bill, 8 to 7 and 7 to 6, and lost considerable ground in the pennant race. The rival catching ace, Vance and Bencher were knocked out in the penner and Babe Herman's homer broke up the second game in the ninth. The high-flying Robins have copped seven of their last nine starts.

The Cubs virtually created a triple tie for first place by swamping the league-leading Cardinals, 13 to 6, while Pittsburgh lost to Cincinnati, 2 to 1. Two home runs by the mighty Hack Wilson, the second coming with the sacks fully populated, accounted for six of Chicago's tallies.

The Cincinnati-Pittsburgh game was a brilliant pitching duel, Red Lucas allowing the Bucs only four hits and Brame yielding six. Hits by Swanson, Dessen and Kelly broke up the game in the eighth. The Pirates have been held to an even break by the Reds in four games.

Chuck Klein's 17th homer featured the Phillies' 4 to 2 win over the Braves.

The heralded "slump" of the Athletics was limited to two consecutive defeats when they nosed out the Senators, 7 to 6. Lefty Grove was knocked out but Rube Walborg stopped the Nats, who have beaten the Mackmen only once all season. The Mackmen now lead the Yankees by eight full games, and the Humen lost to the Red Sox, 7 to 4, after Fred Heimach had blanked the Sox 9 to 0 in the opener. An error by Durocher paved the way for four Boston runs in the nightcap.

Earl Combs of the Yankees hit safely in his 17th consecutive game, and Buster Gehrig's 18th homer kept him in a tie for the lead with Haley of the Cardinals, who also capped out No. 18.

## Furnace Hammers Out 16-1 Win Over Maccabee Lodge

### Two Games Scheduled In City Softball Loop Tonight

Electric Furnace, led by Jess "Stretch" Hays, hammered out a 16-1 victory over the Maccabee lodge baseball outfit, at Centennial park, Tuesday night. The Furnace crew showed marked strength at bat, Hays leading with two home runs, a double and single in four trips to the plate.

### Greiner was given perfect support by his teammates, and although touched for eight safeties was never in great danger. It was undoubtedly the furnace-makers' best showing of the season, the team turning out in full strength for the first time.

### Clarence Sindinger clouted out two hits and scored three runs, all but three Furnace players hitting safely at least once.

### Two Games Tonight

Two games are on tonight's softball program, the Kiwanis club meeting the Post Office in the opener at 5:45, and the Billards being scheduled for the crucial engagement with the league-leading Damascus Quakers in the nightcap.

A win over the Quakers will place

the Billards in a tie for first with the Damascus squad.

## Rugby Tea mKeeps On Trying; Fails To Win a Contest

London, June 19.—For grit and determination there is not a football team in the world like the Raglan school side.

The Raglan school team play in the Edmondston league. Their record for the season just ended was as follows:

Matches played, 20; won nil; lost 20. Goals for, 6, and against 269. The team's worst defeat was 27 to nil, and the nearest victory was ten goals to two.

They gained such a reputation for losing during the season that every time they appeared on the recreation ground a large crowd gathered to watch.

Donald Pratley, the 12-year-old goal keeper of the team, is proud of being the goalkeeper who has let through the largest number of goals of any goal keeper this season.

## Salem Outfit Wins Two Over Leetonia

Salem mushballers defeated Leetonia in two fast and well-played softball struggles by scores of 4-1 and 4-2, at Leetonia Tuesday evening. The Salem team was composed of players of various aggregations in the city softball loop.

Gordon Amtsberg hurled the opener, with Judy Myers heaving them across the plate in the second for the Salemites. Mike Schuller caught both struggles, while Guy Nicolette pulled the "iron man" stunt, pitching both for Leetonia.

Salem Merchants invaded Damascus and were defeated 8-7, in a hard-fought game last night.

A primary valve and electromagnets for controlling the flow of air in pipe organs have been combined in a device patented by a resident of Waynesboro, Virginia.

Produced by the

CRAZY WATER CO.

Mineral Wells, Texas

Crazy Crystals are produced by evaporating the natural Crazy Mineral Water. Nothing is added to these crystals—only the natural water is removed. By the addition of water in the correct proportions as explained herein, a mineral water is obtained that is almost the exact counterpart of that which is produced in Mineral Wells. Thousands of people of all parts of the world journey to Mineral Wells to take the famed treatments and in producing these crystals for distribution, the first thought is to give to you better health by bringing to your home—that which can only be obtained in Mineral Wells—Where America Drinks Its Way to Health.

WHAT IS CHRYSLER ENGINEERING?

It is a matter of opinion as to who did most in creating the automobile, but it is a matter of fact that Chrysler has done most in modernizing it. Some of the most vital and thrilling chapters in the history of the motor car have been written by Chrysler engineers.

Chrysler engineering, analyzed in simple terms, is a combination of far-sighted vision and resourceful genius that succeed in accomplishing inspired improvements. In one word, Chrysler engineering is . . . Progress.

This is not a vainglorious gesture—it is a statement of plain, hard-shell fact fully borne out by the following partial list of advancements which Chrysler has pioneered or developed:

Hydraulic Four-Wheel Brakes  
Rubber Shock Insulators  
"Silver-Dome" and "Red Head" High-compression Engines  
High Turbulence Offset Combustion Chamber

Fully Counter-weighted 7-Bearing Crankshaft  
Iso-therm Invar Strut Pistons with Tungite Rings

## Twenty-two Lose Lives In Eruption

London, June 19.—Twenty-two lives have been lost in eruption of the Japanese volcano Komagatake, according to messages from Tokyo today.

A number of villages have been destroyed by the lava stream. Prior to this eruption, Komagatake had been silent for ten years.

Lake Titicaca in Peru, 12,644 feet above sea level, is the highest point in the world where steamers are found.

## No More Gas In Stomach and Bowels

If you wish to be permanently relieved of gas in stomach and bowels, take Basalman's Gas Tablets, which are prepared especially for stomach gas and all the bad effects resulting from gas pressure.

That empty, gnawing feeling at the pit of the stomach will disappear; that anxious, nervous feeling with heart palpitation will vanish, and you will again be able to take a deep breath without discomfort.

That drowsy, sleepy feeling after dinner will be replaced by a desire for entertainment. Bloating will cease. Your limbs, arms and fingers will no longer feel cold and "go to sleep" because Basalman's Gas Tablets prevent gas from interfering with the circulation. Get the genuine, in the yellow package at any drug store. Price 25¢.

Always on Hand at  
The J. H. Lease Drug Co.
